**MS STOPS PEOPLE FROM MOVING**

**WE EXIST TO MAKE SURE IT DOESN'T**

Multiple sclerosis interrupts the flow of information between the brain and the body and stops people from moving. With the help of people like you, the National MS Society addresses the challenges of each person whose life is affected by MS and helps them stay connected to the great big moving world.

## Special Thanks to our Volunteers and Sponsors

The success of 2014 Bike MS: Breakaway to Key Largo is directly related to the 400 wonderful volunteers who help make the event run as smoothly and safely as possible. Whether you worked at the registration tables or rest stops, drove a SAG vehicle, cheered on cyclists, or came into the office to help, you are an indispensable part of Bike MS. Your smiles and enthusiasm continue to dazzle and inspire our riders and staff. Volunteers are one of the reasons participants come back every year and tell us that the "Breakaway To Key Largo" is the best. Our sincerest thanks goes out to all our volunteers who are a part of this endeavor.

It is through sponsors' contributions, in-kind or financial, that Bike MS is able to fight multiple sclerosis. Their generosity helps us provide more funds to research, advocacy, programs and services for our clients. We appreciate our corporate partners in recognizing this compelling cause and thank them for making it their business to see a world free of MS.
